TARANA BANSAL

PROFILE SUMMARY

Analytical management professional with **CRM** experience, **process-redesign** and AI **automation** skills; translating **stakeholder** needs into **efficient workflows** that **improve** customer **experience**.

INTERNSHIP

***Revenue Assurance Intern*, Paytm** **Apr 2026 – Jun 2026**

- **Partnered with business leads** across advertising, FMCG and government **client accounts** to secure **payment commitments**, track collections and present **insights to leadership**
- **Co-built** a role-based ticketing system using Claude code, with **defined ownership**, ETA-breach alerts and **escalation**; **adopted** by the GM and collections team; trained a peer intern to replicate it
- **Consolidated** 23 manually maintained trackers into one **VBA-automated** MIS, **cutting** reporting **turnaround** 99.6% (4 hrs to <1 min)
- **Redesigned** the recovery notice workflow, automating data compilation and approval routing; cut turnaround 83% (3 hrs to 30 min) and **standardised customer communication**
- **Designed** an ETA vs Collections **reconciliation** with automated exception alerts and **scheduled reports** to leads and HODs; saved 30 hrs/month and was **replicated** by a second team

ACADEMIC PROJECTS

- **Gen AI Automated Collections Reconciliation (Capstone): Designed** and built a **Gen AI workflow** that reads inbound payment emails daily, **matches** each to the referenced receipt and **updates** the collections tracker **automatically**; designed exception handling so partial payments log as part-received, **preserving data integrity** and removing manual entry
- **CareerCompass AI (IT Programme Risk Management): Developed** an 8-month implementation plan for a ₹58.4L **AI-powered placement platform** (13 modules, 7 members); **structured WBS**, resource allocation, stakeholder governance, **risk escalation** and critical path scheduling, **targeting 60-70% faster** preparation and ≥80% Resume-JD match precision
- **Marketing Management (Premium Smartphones): Interviewed** retailers and buyers and **applied** PESTEL, Porter's Five Forces, BCG and Ansoff to **map customer segments**, brand **loyalty** and **growth opportunities**, converting findings into strategic **recommendations**
